MEMORANDUM TO: Admiral Stansfield Turner
Director of Central Intelligence

RE: Federal Bureau of Investigation Participation
in the National Foreign Intelligence Program

I am transmitting for your signature the enclosed document which establishes procedures for the exchange of information between the FBI and the Intelligence Community Staff (ICS).

This is a revised version of the memorandum of understanding which you had proposed on August 15, 1978. The amendments to sentence 1 of paragraph 1 should provide the Attorney General with the necessary means to meet his responsibilities in relation to the role of the FBI in the NFIP.

As the amended paragraph indicates, I have agreed to the exchange of NFIP information between the FBI and the ICS with simultaneous transmittal to my office, in lieu of prior review of such information. However, it is my understanding and expectation, based upon discussions between [redacted] and my staff, that information provided to the ICS by the FBI will not be disseminated outside the ICS without Department concurrence. This procedure will ensure that I will have proper policy and management control over budget decisions affecting the FBI's intelligence activities.
